Researchers: Kos Galatsis, Katie Christensen, Eileen Panguito, Katie Wilson

University: Electrical Engineering, UCLA

FENA Affiliation: Theme 4

I have taken careful note to correspond with the abstract formatting requirements. I have the option of including one illustration in my poster abstract, but I must beware, because the total text and illustration cannot exceed one page. Once I am finished composing my abstract, I will send it in *.doc format to the FENA Center by emailing it to katiwilson@ucla.edu. I know that I will need to submit my abstract by **Monday, January 21st** in order for it to be included in the review booklet. I will make sure to contact Katie Wilson at 310-825-9164 if I have any questions.
