I have taken careful note to follow the abstract formatting requirements. I have the option of including one illustration in my poster abstract, but I must be careful, because the total text and illustration cannot exceed one page. Once I am finished composing my abstract, I will send it in \*.doc format to the FENA Center by emailing it to [kwilson@ea.ucla.edu](mailto:kwilson@ea.ucla.edu). I know that I will need to submit my abstract by **Monday, January 18<sup>th</sup>** in order for it to be included in the review booklet. I will make sure to contact Katie Wilson at 310-825-9164 if I have any questions.
