

MARCO Centre on Functional Engineered Nano Architectonics

FENA Year 1 Annual Review

“POSTER and ABSTRACT Information”

Each POSTER should be accompanied by an ABSTRACT

POSTER INFO

- **Expectation:** Each PI group to present TWO posters.
- **Printing:** Each student/researcher will be responsible to print their own posters.
- **Presentation:** Your poster will be sitting on a tripod stand. FENA will provide solid backboards and adhesive material.
- **Size:** 30 x 40 inch (MAXIMUM)
- **Logos:** Please include the FENA and MARCO logos on your posters (download from www.fena.org)
- **Poster Format Guide:**
 - a) Title, Names, Institution, FENA Theme Affiliation
 - b) Objective
 - c) Introduction
 - d) Experimental
 - e) Results and Discussions
 - f) Conclusions and Future Plans

POSTER PRIZES: 1st: \$300, 2nd: \$200, 3rd: \$200, 4th: \$100, 5th: \$100 - Good Luck!

ABSTRACT FORMAT (Example)

The Heading of My Abstract Is Outstanding in 14 point FONT (BOLD) Times New Roman

Faculty(PI): Kang Wang

Researchers: Kos Galatsis, Katie Christensen, Easter Bunny and John Lennon

University: Electrical Engineering, UCLA

FENA Affiliation: Theme 4

It's amazing how fast time flies. It was yesterday, it seems, we were preparing for the FENA kick-off meeting. Now, I find myself preparing for FENA's first Annual Review. Very exciting! I am proud of myself because I have carefully followed the instructions that have facilitated me with both my poster and abstract preparations. I have taken careful note to correspond with the poster size and with the abstract formatting requirements. But I must beware. I shall not exceed 400 words in my abstract, most convenient for people on the go to have a quick dose of my research. Once I am done, I will send my abstract in *.doc format to the friendly and hardworking people at FENA fena@fena.org by **Friday 7th of January**. I will make sure to be extra nice to Katie Christensen who will take care of any questions I have with these preparations.
